Art-direction and producing

During a pandemic of Covid19 in April 2019 produced a «**Web theatre Laboratory**». This laboratory explored medium of Zoom as a space for theatre.

6 directors from Italy, USA and Russia with actors from different parts of Russia created 6 drafts of online web performances in zoom.

All communications, rehearsals and online premiers were done remotely.

In the end of laboratory a group of experts (critics, producers, media managers and video artists) made a deep analysis of work.

Produced photo and video shootings.
